ABX | IWBC Virtual Experience

We're pleased to announce the Northeast's leading education, networking, and business marketplace is **VIRTUAL**.

- ABX | IWBC will transition from in-person to a fully virtual event with new dates of December 2-3.
- We have secured one of the best virtual event platforms on the market today, ensuring you will still experience the same high-quality content you expect from our physical events.
- There will be numerous opportunities for exhibitor-to-attendee networking and engagement through chat, email, scheduled video appointments and/or conference calls.

Why Have a Virtual Presence?

Reach more prospects. Meet and chat with a broader number of high-quality architecture, building and design pros from New England and beyond.

Build Brand Awareness. Disseminate detailed information including brochures, photos, videos, testimonials, and product details.

Showcase your newest products. Through your virtual booth you can announce and demonstrate your newest products, technology and innovations.

Communicate your message. Interact directly with virtual attendees through live chat, webinars, one-to-one meetings, video appointments, conference calls or emails.

Gain valuable leads. You will receive a wealth of information from live and incoming chats, in addition to in-depth statistics on virtual booth visitors.

How It Works

The virtual event and networking platform allows you to search contacts and arrange online meetings throughout the event (December 2-3) and participate in video conference workshops run by industry experts.
