24th Total Radiology Conference

29 Jan - 1 Feb 2024 | Dubai World Trade Centre

Theme:

Enabling best practice radiology: Advancing patient care through innovation and collaboration

Conference summary:

The Total Radiology Conference is back and better than ever!

The 24th Total Radiology Conference will be held at the Plaza Tent (DWTC), a brand-new venue that will provide attendees with a 360-degree experience – from the conference sessions to the workshops to the exhibition hall, attendees will have the opportunity to learn from the best and brightest minds in radiology.

Additionally, we remain steadfast in our aim to deliver the most current, relevant content. Furthermore, we have incorporated your suggestions to make the conference more engaging, and the sessions we have planned will reflect this. You can also expect speakers from Asia, the Americas, Europe, and the region to grace our stage to discuss the most recent advancements in imaging.

This is the year to attend the Total Radiology Conference. Don't miss out on this exciting opportunity to learn, network, and advance your career.

What's new for 2024?

- New location – the Plaza Tent at DWTC will provide a one-stop shop for imaging delegates and industry
- New Society hosted spotlight sessions
- Hot Seat sessions with Key Speakers
- Difficult Cases Quiz

Key topics

- The future of breast radiology – minimal-invasive therapy
- AI in cardiac CT: Ready for clinical use?
- Systematic approach to dementia imaging
- Theranostics and the role of the Radiographer
- Medical imaging in the era of generative AI (Chat-GPT)
- Radiology PPP excellence: A transformative success story in Emirates Health Services (EHS)
- Radiology guidance in neurology and neurosurgery

24th Total Radiology Conference

29 Jan - 1 Feb 2024 | Dubai World Trade Centre

Key Speakers

- Dr Shigeki Aoki, President, Japan Radiological Society (JRS), Tokyo, Japan
- Prof Dr Giles W. L. Boland, President, Brigham and Women's Physician Organizations, Philip H. Cook Professor of Radiology, Harvard Medical School, Boston, Massachusetts, USA
- Prof Dr. Rozemarijn Vliegenthart, President, European Society of Cardiac Radiology (ESCR), Groningen, Netherlands
- Dr Arwa Badeeb, President, Radiologic Society of Saudi Arabia (RSSA); Assistant Professor of Radiology, Consultant Abdominal and Breast Imaging, King AbdulAziz University, Jeddah, KSA
- Dr Dinesh Chinchure, Senior Consultant, Department of Diagnostic Radiology, Khoo Teck Puat Hospital, Singapore

Benefits of attending:

- Explore the impact of generative AI on patient outcomes.
- Discuss disruptive technologies in the field of image-guided precision medicine
- Analyse abnormal findings on brain CT and MRI
- Review current imaging protocols for the assessment of some of the most frequent/common cancers
- Debate the do's and don'ts of breast imaging
- Investigate common and uncommon conditions encountered in emergency radiology

Scientific Committee

Activity Director:

- Dr Hidayath Ali Ansari, Consultant Radiologist; Chair - Department of Nuclear Medicine, Imaging Institute; Medical Director, CCAD Al Ain Branch; Clinical Assistant Professor of Radiology, Cleveland Clinic Lerner College of Medicine; Cleveland Clinic Abu Dhabi, Abu Dhabi, UAE

Global Chair:

- Prof Dr Michael Fuchsjaeger, Chairman, European Society of Radiology Board of Directors; Professor of Radiology and Chairman of the Department of Radiology, Medical University Graz, Graz, Austria

Local Chair:

- Prof Hatem Abou El Abbass Ghonim, Medical Director, Unison CI in PPP, UAE Ministry of Health and Prevention, Dubai, UAE

23rd Surgery Conference

29 Jan - 1 Feb 2024 | Dubai World Trade Centre

Theme:

The cutting edge of surgery

Conference overview:

Experience the forefront of surgical advancement at the 23rd Surgery Conference, taking place from 29th January to 1st February 2024. This transformative four-day event promises to redefine surgical excellence across various disciplines. Dive into groundbreaking insights, from trauma management and acute care strategies to the latest in oncological treatments, bariatric advancements, and colorectal techniques. Renowned international and local experts will unravel the potential of Artificial Intelligence in surgery and share state-of-the-art medical education practices.

Engage in discussions on complex diverticulitis, cutting-edge breast cancer treatments, endocrine surgical indications, and more. Unveil advancements in proctology, explore intricate colorectal procedures, and understand IBD patient management.

This conference offers unparalleled networking opportunities, empowering you to shape the future of surgical practice. Join us to be a driving force in evolving surgical expertise.

What's new for 2024?

- Bigger focus on General Surgery
- Updates on techniques and guidelines
- Medico-Legal perspective

Session tracks:

- Trauma
- Acute Care
- Medicolegal aspects and Health Authority
- Artificial Intelligence
- Medical Education
- Oncology (Breast, Endocrine, HPB and Sarcoma)
- Bariatrics
- Colorectal
- Proctology

Key Sessions:

- Update on the new ATLS guidelines
- How to avoid as well as deal with medical negligence
- MIS complex pancreas surgery: Recent advances & future directions
- Updates on surgical reconstructive techniques in breast cancer

Visit ahcongress.com to learn more!

23rd Surgery Conference

29 Jan - 1 Feb 2024 | Dubai World Trade Centre

Key Speakers:

- **Professor Dr Willem Bemelman**, European Society of Coloproctology's Past President, Consultant in colorectal and minimally invasive surgery, and Lead of the colorectal group at the **Amsterdam University Medical Centers, Location AMC, Amsterdam, Netherlands**
- **Dr Basil Ammori**, Consultant Surgeon, **Burjeel Hospital, Abu Dhabi, UAE**
- **Prof. Dr. Philipp Berdel**, FRCS, Consultant Orthopaedic Surgeon, Department of Surgery, **Tawam Hospital, Al Ain, Abu Dhabi, UAE**
- **Dr Shadi Al Bahri**, Consultant General and Bariatric Surgeon at Tawam Hospital -affiliated with Johns Hopkins Medicine International, General Surgery Residency Associate Program Director at SEHA, an **Abu Dhabi Health Services Company**, and Assistant Professor, **U.A.E. University, Abu Dhabi, UAE**

Benefits of Attending:

- Examine the latest updates on ATLS guidelines to remain updated with the newest protocols in trauma care.
- Differentiate the evolving nuances of complex diverticulitis management to enhance the clinical approach.
- Interpret the future trajectory of artificial intelligence in surgical procedures to stay abreast of technological innovations.
- Illustrate insights into Dubai and Abu Dhabi's educational plans to remain at the forefront of medical education trends.
- Define knowledge around the latest techniques in abdominal wall surgeries, from inguinal hernia repairs to updates on hiatal hernia treatments.

Scientific Committee

Activity Director:

- **Dr John Rodriguez**, Chair of Surgery, **Cleveland Clinic Abu Dhabi, Abu Dhabi, UAE**

Conference Co-Chairs:

- **Dr Ali Al Dameh**, Chief of Surgery Department, **Al Zahra Hospital Dubai, Dubai, UAE**
- **Dr Guido Mannaerts PhD**, Chairman of the Surgical Department, **Mediclinic Hospital, Professor, UAE University, Al Ain, UAE**

Emergency Medicine & Critical Care Conference

29 - 30 Jan 2024 | Dubai World Trade Centre

Supported by:

Global Network in Emergency Medicine GNEM

Theme:

Emergency Medicine and Critical Care for all – can it be equitable?

Conference overview:

Experience the latest clinical advancements in emergency and critical care and engage in discussions around best practices to tackle challenging clinical cases.

The Emergency Medicine and Critical Care conference will welcome local, regional, and global experts on the 29th and 30th of January 2024, to share knowledge, exchange expertise, and network for the betterment of patient health. Under the theme: Emergency Medicine and Critical Care for all – can it be equitable? The programme is rich in valuable discussions around equitable healthcare and minimum and best standards in different economic settings in the emergency and critical care departments.

What's new for 2024?

- Humanitarian Emergency Medicine focused topics
- Case studies
- Practical workshop
- Focus on both Emergency medicine and Critical care

Key Sessions:

- Best and minimum Standards to common emergencies
- Update to Sepsis management in 2024
- Strategies to prevent burnout in Emergency Medicine and Critical Care
- Emergency medicine and Critical Care physicians and nursing education
- Innovations in Emergency Medicine and Critical Care

Key Speakers:

- Dr Abdou Khoury, Vice President, International Pan Arab Critical Care Medicine Society IPACCMS, Vice President, European Society for Emergency Medicine EuSEM, Department of emergency Medicine & Critical Care, Besancon University Hospital, Besancon, Paris, France
- Prof Georg Auzinger, Department Chair, Intensive Care, Cleveland Clinic, London, UK
- Steve Ferracuti, Chair, Global Health Committee, Society of Rural Physicians of Canada, Canada

Visit ahcongress.com to learn more!

Emergency Medicine & Critical Care Conference

29 - 30 Jan 2024 | Dubai World Trade Centre

Benefits of attending

- Define the term equitable emergency and critical care and describe different ways to implement it
- Review current trends and guidelines relevant to best standards for common emergencies
- Analyse advances in techniques and technology used in emergency medicine and critical care
- Apply up to date approach to challenging cases and understand best management standards

Scientific Committee

Activity Director:

- **Dr Timothy Souster**, Institute Chair, Emergency Medicine Institute, Clinical Assistant Professor of Medicine, **Cleveland Clinic Lerner College of Medicine of Case Western Reserve University, Cleveland Clinic Abu Dhabi, Abu Dhabi, UAE**

Conference Co-Chairs:

- **Dr Ayesha Al Memary**, Consultant Emergency Medicine and Critical Care, **Sheikh Shakhbout Medical City, Dubai, UAE**
- **Dr Sara Kazim**, Consultant Emergency Medicine and Medical Toxicology, Head of Emergency Department, **Rashid Hospital, Dubai, UAE**

14th Obs & Gyn Conference

29 - 30 Jan 2024 | Dubai World Trade Centre

Theme:

From evidence to practice: Transforming obstetrics and gynecology care through clinical case integration

Conference overview:

Elevate your understanding of women's health at the 16th Obstetrics & Gynecology Conference, happening from January 29th to 30th, 2024. The two-day conference serves as a dynamic gateway to cutting-edge insights across diverse topics within Obstetrics and Gynecology.

Engage in interactive discussions on HPV vaccines, their role in preventing STDs and gynecological cancers, and explore the ethical dimensions involved. Immerse yourself in evidence-based approaches to Hormone Replacement Therapy and delve into adolescent gynecological issues, recurring pregnancy loss, and innovative treatments. Participate in compelling debates, including niche repair post-caesarean scar pregnancies and the risks and rewards of VBAC through interactive sessions with experts. Explore the synergy between heart disease and obstetrics, along with indications for cervical cerclage.

Join us at the conference to foster connections, empower learning, and collectively shape the future of Obstetrics and Gynecology.

What's new for 2024?

- Importance of HPV vaccinations
- Focus on clinical practice-based topics
- Case study presentations

Structure:

- Day One Focus: Gynaecology
- Day Two Focus: Obstetrics
- Each day will have a debate session (10 minutes each side, with 2 speakers and a 10-minute wrap up) and Day 1 will have an interactive Stump the expert's session.

Key Sessions:

- The importance of an effective HPV vaccination programme for gynaecological cancer prevention in the MENA region
- Update on WHO breastfeeding guidelines and benefits of colostrum harvesting
- Patient Blood Management (PBM) programme in Obstetrics; What is the clinical value?
- Evidence based investigations and management for recurrent pregnancy loss: What does the literature say and how do we put it into practice?

Visit ahcongress.com to learn more!

14th Obs & Gyn Conference

29 - 30 Jan 2024 | Dubai World Trade Centre

Key Speakers:

- **Dr Judy Lee**, Medical Director for Quality and Safety, Director for Global Services, Johns Hopkins Medicine International; Assistant Professor of Gynecology and Obstetrics, **Johns Hopkins University School of Medicine, Baltimore, Maryland, USA**
- **Dr Laura Magee**, Faculty of Life Sciences & Medicine, School of Life Course & Population Sciences, Department of Women & Children's Health, **King's Global Health Institute, London, United Kingdom**
- **Dr Rita Sakr**, Consultant Breast Cancer Oncoplastic Surgeon & Obstetrician-Gynaecologist, **Kings College Hospital, Dubai, UAE**

Benefits of attending:

- Review the intricacies of HPV dynamics by focusing on effective HPV vaccination programs and their pivotal role in cancer prevention.
- Examine the benefits and risks of modern Hormone Replacement Therapy (HRT).
- Diagnose complex pathologies by navigating the challenges of complex ovarian pathology and recurrent pregnancy loss
- Evaluate contraceptive choices and enhance compliance strategies across reproductive ages.

Scientific Committee

Activity Director:

- **Dr Tristi Muir, MD**, Chair, Women's Health Institute. **Cleveland Clinic, Cleveland, Ohio, USA**

Conference Co-Chairs:

- **Dr Jeremy Hawe**, Consultant Gynaecologist & Chief of Gynaecology, **Corniche Hospital, Abu Dhabi, UAE**
- **Dr Sarah Francis**, Consultant Obstetrician, and Gynaecologist, **American Hospital, Dubai Academic Institute Residency Program Director for OBGYN, Dubai, UAE**

Public Health Conference

29 - 30 Jan 2024 | Dubai World Trade Centre

In Partnership with:

Supported by:

- International Association of National Public Health Institutes IANPHI
- Gulf CDC

Theme:

Uniting for better local and global Public Health

Conference summary:

United for better Public Health in the UAE, the Public Health conference happening on the 29th and 30th of January at the Dubai World Trade Centre, will witness experts joining hands to accelerate the journey towards a healthier nation. Enhance your knowledge and get latest recommendations in the field of Public and population health, and gain insights on local and global current and future directives.

During the two-day conference, join interactive dialogue on different topics including healthier lifestyle and behaviour change, occupational & environmental health, innovation & sustainability in public health and best practices on crisis and disaster Management. Enjoy interactive discussions, meet, and network with local and global experts, and get latest global and regional public health updates.

What's new for 2024?

- UAE Healthcare authorities are uniting and supporting Public Health Conference 2024
- Participation of International Association of National Public Health Institutes IANPHI
- Participation of Gulf CDC

Key sessions:

- Healthier Lifestyle and Behaviour Change
- Occupational & Environmental Health
- Innovation & sustainability in Public health
- Communicable & Non-communicable disease
- Public Health Crisis and Disaster Management

Visit ahcongress.com to learn more!

Public Health Conference

29 - 30 Jan 2024 | Dubai World Trade Centre

Key speakers:

- Duncan Selbie, President, International Association of National Public Health Institutes IANPHI
- Pasi Penttinen, CEO, Gulf CDC, Riyadh, KSA
- Farida Al Hosani, Executive Director Communicable Diseases, Abu Dhabi Public Health Centre ADPHC, Abu Dhabi, UAE

Benefits of attending:

- Identify Infectious diseases and their prevalence across the world post COVID-19
- Discuss healthcare workers mental health and latest techniques to elevate mental health and wellbeing scores in healthcare organisations
- Evaluate global health crisis and disaster management programs and future directives to enhance health systems resilience
- Review latest updates in genomic application in public health

Scientific Committee

Activity Director:

- Dr Samah Nour, Consultant Occupational Medicine Physician, Cleveland Clinic Abu Dhabi, Abu Dhabi, UAE

Chair:

- Dr Ramadan AlBlooshi, Acting Director & Advisor, HQ - Public Health Protection Department, Dubai Health Authority, Dubai, UAE

Scientific Committee:

- Dr Ayesha Ahmad Saif ALTheeb, Head of Section & Consultant, Public Health Department, Dubai Health Authority, Dubai, UAE
- Dr Kadhim Alabady, Public Health Senior Specialist, Public Health Protection Department, Dubai Health Authority, Dubai, UAE
- Dr Nada Al Marzouqi, Director of Public Health And Prevention Department, Ministry of Health And Prevention, Dubai, UAE
- Dr Omniyat Al Hajeri, Executive Director of Community Health sector, Abu Dhabi Public Health Centre ADPHC, Abu Dhabi, UAE

15th Quality Management Conference

31 Jan - 1 Feb 2024 | Dubai World Trade Centre

Theme:

Advancing healthcare quality through digitalization

Conference overview:

Discover the future of healthcare excellence at the 15th Quality Management Conference, themed "Advancing Healthcare Quality through Digitalization." The conference offers a comprehensive exploration of the nexus between healthcare quality and digital innovation with a spotlight on harnessing cutting-edge technologies to elevate patient care.

Explore diverse topics such as patient safety, technology, quality management, research, patient experience, accreditation, and data analysis. Connect with industry leaders, gain future focused insights, and take-home actionable strategies for enhancing patient care.

Join us in shaping the future of healthcare by leveraging digital innovations to drive safer, more effective, and patient-centered practices.

Session tracks:

- Patient Safety
- Quality Management Panel discussion
- Technology
- Ask the Experts
- Research and Development
- Patient Experience
- Accreditation

What's new for 2024?

- Ask the Experts
- Focus on the impact of technology on patient care
- Medico-Legal panel

Key Sessions:

- Impact of medical errors disclosure on patient experience
- Establishing a patient safety program
- Use of Human factors engineering in safe digitalisation
- Impact of medical errors disclosure on patient experience

Visit ahcongress.com to learn more!

15th Quality Management Conference

31 Jan - 1 Feb 2024 | Dubai World Trade Centre

Key Speakers:

- **Dr Kedar Mate**, President, IHI Group, Richmond, Virginia, USA
- **Dr Alan Dubowsky**, Chief Patient Experience Officer, Cedars-Sinai, Los Angeles, USA
- **Marc Lazarovici**, Human Simulation Center at the Institute for Emergency Medicine, Ludwig-Maximilians University Munich, Munich, Germany
- **Dr Tamara Sunbol**, Medical Director of Clinical Informatics, Johns Hopkins Aramco Healthcare, Riyadh, Saudi Arabia

Benefits of attending:

- Outline how the latest research in Quality management can improve patient outcomes
- Demonstrate with cutting-edge digital solutions: Dive deep into AI, blockchain, and the metaverse's transformative potential in healthcare.
- Review global accreditation developments: Stay informed and compliant with the latest in healthcare accreditation standards and guidelines

Scientific Committee

Activity Director:

- **Dr Samer Ellahham**, Regional Chair, Middle East, Patient Safety Movement Foundation; Medical Director of Continuous Improvement, Director of Accreditation, Cleveland Clinic Caregiver, Senior Cardiovascular Consultant, Heart and Vascular Institute, Cleveland Clinic Abu Dhabi, Abu Dhabi, UAE

Conference Chair:

- **Dr Rola Hammoud**, Chief Executive Officer (CEO), Fakeeh Care, Madina Hospital, President, MENA Chapter of the American College of Healthcare Executives, Riyadh, Saudi Arabia

20th Orthopaedics Conference

31 Jan - 1 Feb 2024 | Dubai World Trade Centre

Theme:

Complications in orthopaedic surgery How to manage?

Conference overview:

Navigating challenges in orthopaedic surgery can be a daunting task, but every problem presents an opportunity for a solution. Embrace this ethos at the Arab Health 2024 Orthopaedics Conference, where renowned local and international specialists will illuminate clinical scenarios across four pivotal areas: the spine, foot, and ankle on day one, followed by the knee and shoulder on day two. Engage in interactive sessions, share insights, and contribute your valuable expertise. Elevate your knowledge and join us on January 31 and February 1, 2024, at the Arab Health Orthopaedics Conference. Don't let this exceptional opportunity pass you by!

Session tracks:

- Shoulder
- Knee
- Ankle and Foot
- Spine

What's new for 2024?

- Conference is split by specialties
- Case-based interactive discussions

Benefits of attending:

- Engage actively in case-based dialogues, allowing for a practical, real-world exploration of complications in orthopaedic surgery
- Delve into specific orthopaedic challenges with the conference's unique structure that divides sessions by specialty, ensuring a targeted exploration of issues related to the spine, foot, ankle, knee, and shoulder
- Connect with both local and international orthopaedic specialists. This gathering is a unique platform to exchange views, discuss challenging cases, and broaden one's professional network in the realm of orthopaedic complications and their management

Visit ahcongress.com to learn more!

20th Orthopaedics Conference

31 Jan - 1 Feb 2024 | Dubai World Trade Centre

Scientific Committee

Activity Director:

- Dr Mark Schickendantz, Associate Professor, Cleveland Clinic College of Medicine, Program Director and Clinical Instructor of Orthopedic Surgery, **Cleveland Clinic**, Cleveland, Ohio, USA

Conference Chair:

- Dr Philippe Landreau, Consultant Orthopedic Surgeon, Knee, Shoulder and Sports Surgery, Orthocure & Mediclinic, Dubai, UAE

Planning Committee:

- Dr Ehab Kheir, Consultant Trauma and Orthopedics Surgeon, **Mediclinic Parkview Hospital**, Dubai, UAE
- Dr Sameh Abolfotouh, Spine Surgery Consultant, **Medcare Orthopedics & Spine Hospital** in Dubai, UAE

Diabetes Conference ^{New}

31 Jan - 1 Feb 2024 | Dubai World Trade Centre

Theme:

Charting new horizons in diabetes care

Conference overview:

Immerse yourself in the forefront of diabetes care at the Diabetes Conference 2024, a two-day transformative event scheduled from 31st January to 1st February 2024. This conference presents an unparalleled opportunity to explore an extensive range of pivotal subjects that define diabetes management and chart new pathways for the future. From comprehending the urgency of youth-onset Type 2 Diabetes and combating the diabetic pandemic from a public health perspective, to harnessing cutting-edge technology like closed-loop systems, continuous glucose monitoring (CGM), and insulin pump therapy across the spectrum of Type 2 Diabetes, the conference ensures a comprehensive understanding of these critical areas.

Delve into the intricate connection between diabetes and cardiovascular health, unveil the potential of novel therapeutics like Tirzepatide, explore the latest in diabetic kidney disease treatments, and unlock the potential of AI and decision support systems. Beyond the medical realm, the conference also touches on mental health's interplay with diabetes, navigating diabetes management during religious fasting, and pregnancy.

Don't miss this opportunity to network with experts, gain invaluable insights, and contribute to shaping the future of diabetes care.

What's new for 2024?

- Focus on key issues in Diabetes
- Case study presentations

Session tracks:

- Diabetes Management
- Technology
- Complications
- Therapeutics
- Future Directions
- Special situations

Key topics:

- Standards of medical care in diabetes 2024
- Closing the loop: Current status and future directions

Visit ahcongress.com to learn more!

Diabetes Conference ^{New}

31 Jan - 1 Feb 2024 | Dubai World Trade Centre

- A new era in type 2 diabetes management: Results of real-world study of the use of Tirzepatide
- Diabetic kidney disease: New therapeutic approaches
- Heart Failure and Diabetes: A Complex Connection
- Advances in Stem Cell Therapy in Type 1 Diabetes

Key Speakers:

- **Dr Maha Barakat**, Director General, Frontline Heroes Office and Senior Advisor, **Mubadala, Abu Dhabi, UAE**
- **Dr Ebaa AL Ozairi**, Chief Medical Officer, Consultant DM, Endocrinology & Nutrition, **Kuwait University, Kuwait City, Kuwait**
- **Dr Khalid Hussain**, Division Chief Pediatric Endocrinology, **Sidra Medicine, Doha, Qatar**
CMO, Consultant DM, **Endocrinology & Nutrition, Kuwait University, Kuwait**
- **Dr Laith Al-Rubaiy**, Consultant Gastroenterologist & Hepatologist, **Healthpoint Hospital, and Professor, Khalifa University, Abu Dhabi, UAE**

Benefits of attending:

- Discuss the most recent advancements, from the urgency of youth-onset Type 2 Diabetes to the potential of AI in diabetes care, and diabetes management.
- Demonstrate the real-world applications of the latest research from case presentations and findings, ensuring to help translate the latest findings into actionable strategies.
- Familiarize yourself with the developments in the diabetes sector as the conference showcases the future of therapies, emphasizing unique solutions like tirzepatide and pioneering work in diabetic kidney disease.

Scientific Committee

Activity Director:

- **Dr Rabih Hijazi**, Clinical Associate Professor of Medicine, Cleveland Clinic Lerner College of Medicine, Consultant Endocrinologist, Depart of Endocrinology, Diabetes, and Metabolism, **Cleveland Clinic Abu Dhabi, Abu Dhabi, UAE**

Conference Chair:

- **Dr Ahmed El Laboudi**, Consultant Endocrinologist and Diabetologist - Imperial College London Diabetes Centre, Adjunct Associate Clinical Professor, **Khalifa University, Abu Dhabi, UAE**

Decontamination and Sterilisation (CSSD) Conference ^{New}

29 - 30 Jan 2024 | Fairmont Dubai

Supported by:

Theme:

Quality focused & Patient based, raising standards in CSSDs across UAE and GCC

Conference summary:

Now part of Arab Health, The Decontamination and Sterilisation (CSSD) conference finds a new home! Elevate your understanding of CSSD at this two-day conference happening on the 29th and 30th of January 2024 at Fairmont Dubai.

CSSD is the heart of any hospital. Thus, this conference will focus on raising the standards across local and regional healthcare facilities through fruitful discussions by global experts, bringing best practices and the latest guidelines, all through exciting sessions, from interactive workshops and discussions, game-style quizzes, simulation scenarios, and more!

The conference will discuss quality improvement in CSSD, sustainability, regulations and standards, medicolegal issues, and other hot topics. Don't miss out on the premier gathering of CSSD experts and join the quest to enhance CSSD practice and management in UAE and the region

What's new for 2024?

- New Location!
- New Chairperson
- Participation of an International Association
- **Interactive sessions:** Participants will engage in small-group activities, case studies, and problem-solving exercises related to decontamination and sterilization scenarios.

Key sessions:

- CSSD quality management systems
- Environmental monitoring
- Overview of local and global regulations and standards
- Challenging Scenario discussions

Visit ahcongress.com to learn more!

Decontamination and Sterilisation (CSSD) Conference ^{New}

29 - 30 Jan 2024 | Fairmont Dubai

Key Speakers:

- Dr Ahmad Baggashi, CEO, Saudi Society for Infection Control, President, MENA-FHSS, KSA
- Christine Denis, President, World Federation for Hospital Sterilization Sciences, France
- Dave Lee, CSSD Manager, Mubadala Health, Abu Dhabi, UAE
- Harry Oussoren, Vice President, World Federation for Hospital Sterilization Sciences WFHSS, The Netherlands

Benefits of attending:

- Identify different quality metrics of effective and efficient CSSD departments
- Demonstrate the different sterilisation methods and quality assurance considerations
- Analyse maintenance and equipment validation methods for CSSD
- Evaluate different quality standards across countries and healthcare entities and evaluate best practices

Scientific Committee

Activity Director:

- Richard Schule, Senior Director Enterprise Reprocessing, Cleveland Clinic, Ohio, USA

Conference Chair:

- Geraldine McNulty, Decontamination Consultant, Dubai, UAE

Planning committee:

- Dr Wael Elamin, Medical Director, G42, Abu Dhabi, UAE

Infection Control Conference ^{New}

31 Jan - 1 Feb 2024 | Fairmont Dubai

Supported by:

Theme:

Roadmap for patient and healthcare workers' safety

Conference summary:

First time in Arab Health, the Infection Control Conference scheduled from the 31st of January to the 1st of February at Fairmont Dubai will be the premier IPC platform, setting the stage for the future of infection-free healthcare.

Be part of an exciting two-day conference, which will welcome global leaders in the field of IPC, who will discuss and debate pressing topics, and reflect on updated programs and guidelines. Attend an exciting talk by APIC leadership on how to be a successful IPC professional, enhance your knowledge about global outbreaks and best management practices from WHO, and gain insights on professional development and future opportunities from CBIC.

In addition to immersing in an exciting interactive conference full of discussions and case-based scenario sessions, earn up to 10 Infection Prevention Units IPU if you are CBIC certified.

What's new for 2024?

- New Location!
- Official support and participation of **The Certification Board of Infection Control and Epidemiology CBIC**, Conference attendees that are CBIC certified (CIC and/or LTC-CIP) will earn 10 infection prevention units (IPUs) by attending Arab Health 2024 Infection Control Conference
- Official support and participation of the **Association for Professionals in Infection Control and Epidemiology APIC**
- Updates from the **World Health organisation** on current global Outbreaks with the best Infection control measures

Visit ahcongress.com to learn more!

Infection Control Conference ^{New}

31 Jan - 1 Feb 2024 | Fairmont Dubai

Key sessions:

- Overview of the current global outbreaks and IC measures
- Updates on Multidrug resistance prevention and management
- Prevention of device-associated Infections
- Updates on IPC programs
- Surgical site infection management updates

Key speakers:

- **Tania Bubb**, Infection Prevention and Control Practitioner, President, **Association for Professionals in Infection Control & Epidemiology APIC, USA**
- **April Baller**, Infection Prevention and Control Lead, Country Readiness Strengthening, **World Health Organisation WHO, Geneva, Switzerland**
- **Nawal AL Kaabi**, Senior Medical Advisor, **Hayat Biotech, Abu Dhabi, UAE**
- **Jessica Dangles**, Executive Director, **Certification Board of Infection Control and Epidemiology CBIC, USA**

Benefits of attending:

- Review local and global infection outbreaks and understand best management practices with latest global guidelines
- Evaluate current infection prevention and control hospital programs, and discuss critical elements of successful application for enhanced patient safety
- Examine the current infection control measures, updated standards and antibiotic stewardship programs applied in hospitals to minimise multidrug resistance and review updated guidelines

Scientific Committee

Activity Director:

- **Dr M. Fernanda Bonilla**, Infectious Diseases Consultant, **Cleveland Clinic Abu Dhabi, Abu Dhabi, UAE**

Conference Chair:

- **Dr Ashraf Elhoufi**, Chairman, Infection Control ICU Committee, **Dubai Hospital, Consultant ICU, Dubai, UAE**

Conference Committee:

- **Dr Ahmad Subhi**, Infectious Diseases Consultant, **Al Qassimi Hospital, Sharjah, UAE**
- **Joseph Tannous**, Infection Control Consultant, **Emirates Health Services, Dubai, UAE**
- **Dr. Nehad Al Shirawi**, Consultant Intensivist, **Al Fujairah hospital, Al Fujairah, UAE**
